HEALTH & CARE SOLUTIONS

A healthy transformation starts with small habits, Dr. Danny.

Dr. Danny is a brand founded by Dr. Danny,
a physician who practiced in the United States.
After witnessing his family and friends struggle with health issues,
he sought a simpler and more approachable way to convey the importance of health.

Our mission is to provide reliable and friendly health
solutions that seamlessly integrate into daily routines.

By focusing on small habits that lead to significant changes,
we aim to create sustainable health practices for our customers.

ORAL APPLIANCES

OTHER PRODUCT

Classified as quasi-drug in Korea

TOOTHPASTE • TOOTHBRUSH

RENEW TOOTHPASTE

Natural Nano-Hydroxyapatite (HA) Regenerative Toothpaste

1 High HA concentration (7%) for natural remineralization care

Hydroxyapatite (HA), the same mineral as tooth enamel, strengthens the tooth surface and helps repair damaged enamel.

2 Improvement in dentin hypersensitivity 57.7%¹⁾

HA fills microdefects, reduces sensitivity, and helps improve tooth brightness and oral health.

Cold sensitivity
reduced by
36.8%

Air sensitivity
reduced by
26.4%

Overall tooth
sensitivity
improved by
57.7%

1) Human application test: 20 adult participants (Male and Female), 4 weeks: 57.7% improvement in dentin hypersensitivity (Clinical study Approved IRB No: CDIRB-QR-25-144)

FOR | Adults with tooth or dentin sensitivity, especially those with treatment-related discomfort

POINT | First toothpaste formulated with 7% HA for enamel regeneration

Tip!

Low-irritation formula suitable
for use even on sensitive teeth

TOOTHPASTE • TOOTHBRUSH

WHITE TERRAPICK WHITENING TOOTHPASTE

A whitening toothpaste that helps maintain a bright smile

1 Removes teeth stains for a brighter smile

The hydrogen peroxide in the toothpaste breaks down stained substances, whitening your teeth. Regular toothpaste does not contain stain-removal ingredients.

2 Whitening, fresh breath and cavity prevention

Removes plaque buildup for not only whitening but also fresh breath and harmful bacteria control, helping prevent gum disease.

FOR | Adults who are concerned about dental treatment due to gum inflammation or bleeding symptoms

POINT | Same ingredients as professional dental whitening, certified by the Ministry of Food and Drug Safety(MFDS) as a non-pharmaceutical product

Tip!

Removes stains and bad breath at the same time

Classified as quasi-drug in Korea

Classified as quasi-drug in Korea

TOOTHPASTE • TOOTHBRUSH

DAY & NIGHT TOOTHPASTE

Pink Day
Mint Night

One-Day Oral Care Day & Night Toothpaste

1 Why You Need Different Care for Day & Night

The hydrogen peroxide in the toothpaste breaks down stained substances, whitening your teeth. Regular toothpaste does not contain stain-removal ingredients.

2 Whitening effect, Bad breath removal

By removing plaque buildup on the tooth surface, it not only provides whitening effects but also helps control bad breath and harmful oral bacteria, preventing gum disease.

FOR | Young people concerned about bad breath and office workers desiring white teeth

POINT | Same ingredients as professional dental whitening, certified by the Ministry of Food and Drug Safety(MFDS) as a non-pharmaceutical product

Tip!

Double the Care with Day & Night Toothpaste

TOOTHPASTE • TOOTHBRUSH

6 ROW WIDEHEAD TOOTHBRUSH

Premium toothbrush with a 1.5x larger head

1 Enhanced brushing efficiency

With its wide toothbrush head and 6-row bristle design, it quickly covers the tooth surface shortening brushing time while increasing stain removal effectiveness.

2 Dual micro -bristle implantation technology

The bristle tips are finely processed to minimize gum irritation, while the combination of long and short dual micro-bristles effectively removes plaque and bacteria from between the teeth.

FOR | All age groups who prefer soft toothbrushes and desire quick brushing

POINT | With the wide head, you can achieve dual care for both upper and lower teeth in one go

Tip!

Wide 6 row bristle toothbrush for a broader clean in one go

Classified as quasi-drug in Korea

TOOTHPASTE • TOOTHBRUSH

PRE-COATED TOOTHBRUSH BAROCHIKA

More convenient with toothpaste coating technology

1 Toothpaste coating technology

The coated toothpaste ingredients quickly remove food particles from the tooth surface, allowing for a clean brushing experience even without additional toothpaste.

2 Individually packaged for enhanced hygiene

Individually packaged to reduce the risk of bacterial growth, making it easy to carry for camping or travel, and quickly manage hygiene after meals.

FOR | College students and office workers who frequently dine out, travel for business, or go camping

POINT | Individually packaged for a convenient and hygienic toothpaste-coated toothbrush

Tip!

The forefront of convenience,
toothpaste-coated hygienic toothbrush

TOOTHPASTE • TOOTHBRUSH

TRAVEL SET

Premium toothbrush and toothpaste pencil case set

1 Convenient storage system

A case that stores both the toothbrush and toothpaste, allowing for neat storage at home, the office, or while traveling, increasing portability.

2 Hygienic material

The antibacterial-treated interior of the case prevents bacterial growth, allowing for safe use without concerns of odors or contamination, even after long-term use.

FOR | People who are always on the go and need to brush their teeth anytime

POINT | Contents: 6 row bristle toothbrush, high-fluoride toothpaste, interdental toothbrush

Tip!

Bringing everyday life and travel together,
the all-in-one pencil case set

TOOTHPASTE • TOOTHBRUSH

TOGO KIT

Regular | Transparent Braces | Regular Braces

1 Maximized portability

The compact toothbrush and toothpaste come in one set, easily fitting into your bag or pouch. The hygienic case keeps them clean and neatly stored while on the go.

2 Options tailored for orthodontic use as well

The orthodontic brush thoroughly removes plaque and food particles, while the regular brush, with its soft micro-bristles, reduces gum pressure.

FOR | Frequent travelers and office workers, students or adults with braces

POINT | Contents: Small toothbrush, dental floss, interdental toothbrush

Tip!

Perfect oral care even while traveling, TOGO KIT

1 Plaque and stain reduction

The powerful pulsating water pressure (up to 1,800 pulses per minute) quickly breaks down and removes plaque and staining substances caused by drinks in between teeth, offering a whitening effect as well.

2 4 types of specialized nozzles for different oral conditions

The set includes 4 specialized nozzles for different areas, such as orthodontic, periodontal, and general cleaning nozzles, allowing for tailored oral care and bad breath prevention based on the user's dental condition.

FOR | For orthodontic and implant users needing professional care, and adults seeking quick, powerful cleaning

POINT | 5 modes, 4 types of professional nozzle tips provided

Tip!

Professional-level oral care at home

Water Terrapick
YOUR CARE SPECIALIST pro+

ORAL APPLIANCES

ORAPICK

5 modes, including a Child mode

1 Reduces plaque and staining levels

1,800 pulses per minute effectively break down and cleanse food debris and plaque between teeth, complementing areas missed by brushing alone.

2 5 customized oral care modes, including a Child Mode

Designed with 5 modes to suit every family member's lifestyle.

FOR | Parents who want to establish good oral care habits for their children from an early age

POINT | Includes four color-coded nozzle tips for the whole family

Tip!

A smart oral irrigator designed for the whole family's oral care

ORAL APPLIANCES

MINIPICK

3 modes, 4 types of nozzle tips provided

1 Plaque reduction

High-pressure micro-spraying quickly breaks down and removes interdental stains, effectively caring for even the hard-to-reach areas that are difficult to clean with a regular brush.

2 Highly portable compact design

With its compact design, it can be easily carried in a travel bag or handbag, and its size fits comfortably in one hand, making it simple and convenient to use anytime, anywhere.

FOR | Office workers concerned about staining and bad breath caused by coffee and tea

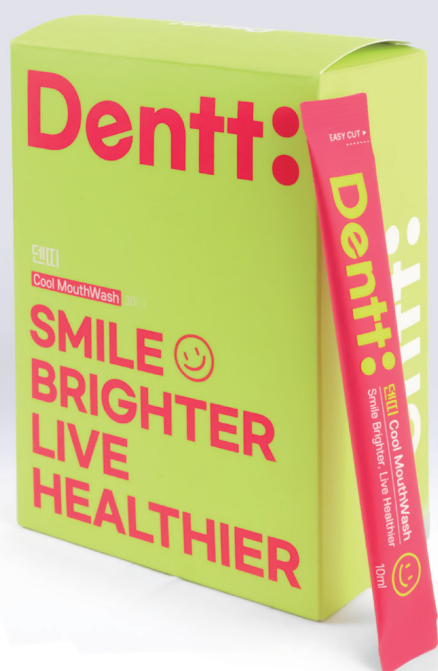

POINT | Water Terrapick Pocket, OraPick Mini and MiniPick are available for purchase

Tip!

Compact yet powerful oral irrigator

Classified as quasi-drug in Korea

OTHER PRODUCT

DENTTI COOLMINT MOUTHWASH

Refreshing and non-spicy mouthwash with 11 natural ingredients

1 Individual packaging for enhanced hygiene and convenience

The single-use stick format reduces bacterial infection risk and prevents liquid proliferation, making it easy to carry and use anywhere.

2 Bad breath removal and oral care

Eliminates bad breath and bacteria for up to 8 hours, with propolis offering antibacterial, anti-inflammatory and antioxidant oral care benefits.

FOR | Anyone who wants to instantly refresh their mouth anytime, anywhere

POINT | Compact design fits easily into bags, pouches and pockets for convenient portability

Tip! Low-alcohol mouthwash co-created with dental professionals

OTHER PRODUCT

WHITENING STICK

Easy at-home teeth whitening gel in a stick form

1 Improved stain removal effectiveness

The thick formula directly breaks down coffee and drink stains on the tooth surface, quickly whitening areas that are difficult to clean with toothpaste alone

2 Convenient 4th-generation silicone stick-type

With a silicone brush integrated design, you can apply it directly by opening the cap, minimizing gum irritation while ensuring a clean application.

FOR | Office workers and students seeking simple whitening, avoiding dental procedures

POINT | Luxen Whitening Stick and Proval Smile Balm are available for purchase

Tip! 4th-generation formula for easy-to-apply teeth whitening

Classified as quasi-drug in Korea

OTHER PRODUCT

DR.JAW CREAM | Original Pure

Essence cream targeting neck wrinkles

1 Focus on wrinkle improvement

Highly concentrated elasticity ingredients reduce deep neck wrinkles, creating a smooth and firm neckline. It can be used daily with minimal irritation, allowing for consistent care.

2 Contains a patented moisturizing formula

It contains three patented ingredients that strengthen the skin barrier, helping to reduce dryness, flaky skin, and fine lines around the neck, while also improving skin tone.

FOR | Women in their 40s to 50s, concerned about neck wrinkles and loss of elasticity

POINT | An essence-type cream that removes neck wrinkles without irritation

Tip!

Tackling neck wrinkles, offering both elasticity and hydration in one

OTHER PRODUCT

ORAL PROBIOTICS

Maintaining oral balance

1 Reduction of harmful oral bacteria levels

Lactic acid bacteria inhibit the growth of bacteria that cause cavities and gum diseases, helping reduce bad breath and maintain periodontal health.

2 Contains 2 popular probiotics from Christian Hansen

Two best probiotics from Christian Hansen are coated to survive and reach the mouth, helping maintain oral balance when consistently consumed by both children and adults.

FOR | All age groups interested in oral and gum health and seeking convenient consumption

POINT | Convenient individual packaging, with a 4th generation formula that also focuses on taste, probiotics

Tip!

Start with three sticks a day of oral probiotics

OTHER PRODUCT

MULTIPURPOSE FOAMING CLEANSER

Easy disinfection and cleaning
with a foaming cleanser

1 Reduction of residual bacteria

Oxygen bubbles in foaming help eliminate bacteria and stubborn stains in dentures or braces, enhancing hygiene.

2 3 types of harmful bacteria terilization certification

It offers 99.9% sterilization against Staphylococcus aureus, Escherichia coli, and Pneumococcus, aiding in disease prevention through simple hygiene.

FOR | Denture and orthodontic users prioritize hygiene management

POINT | Super easy disinfection and cleaning with a multipurpose foaming cleanser

Tip!

Effective sterilization for various items
